

HD CONCRETE SURFACES

HD Concrete is a ready-to-use monolithic covering, an easy-to-apply mortar that offers professionals new opportunities for the creation of bespoke surfaces.

Breathable and solvent-free, it is a safe, eco-friendly product. Developed for indoor and outdoor use to coat furnishings and design features in private and public locations, with its excellent mechanical properties, as resistance to water, acids and alkalis, it is also ideal in the most demanding contexts.

APPEARANCE

It is a concrete covering with a compact look, flowing over different forms as uniform, continuous skin, but with a strong, substantial visual and tactile appeal.

COMPOSITION

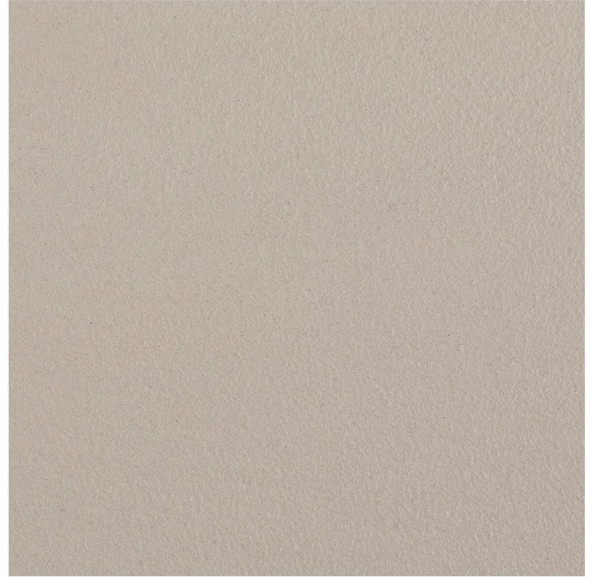

Ready to use single component mortar mixed with water based acrylic binders and mineral fillers.
